CHOPRA TIMBERS

A successful Timber company, that supplies high quality Teak wood and other imported Timber Species to meet a wide range of specifications. Our first venture in Chennai established in 1990, the company soon gained reputation as a reliable resources from small to medium to independent residential to commercial builders.

Now Chopra Timber prides to be one of the leading saw millers. Customers range from large to small-scale furniture manufacturers to joiners to building contractors to independent-home builders to local carpenters to small specialist traders. They have one thing in common – their need is high quality wood products without compromising in machining quality, grade, colour and texture. We understand the needs of our customers, with knowledge handed down three generations in Timber business, our management and staff exceed expectations and meet the most unique milling and product requirements. Yet despite our progressive attitude, we never forget Chopra Timbers remains a family-run business whose staff takes great pride in every job, each customer and each job is treated with our roots.

C.T. TRADING.CO

CT TRADING

DOORS

Based on our vast experience in saw mill (Chopra Timbers) industry, We ventured with our second project C.T.Trading co, where we wanted our customer to be served best for their valuable needs, keeping in this mind our experienced sourcing team makes frequent trips to South-East Asian countries, Africa and South America for continuous improvement with the quality of our timber. We liaise closely with

small specialist saw millers and local governments to ensure the wood is sourced and cut to our exact standards, being in the trade for decades, you can expect a fast, efficient and personal service and a courteous approach. Those traditional qualities are the root of C.T Trading Co. estates success now and forever. Further to this we have also tied up with a reputed malaysian door Manufacturing company & our superior quality doors are supplied in entire southern region of India in the trusted brand name of **CT DOORS** which gained a major market share in this segment.
